

A GUIDE TO THE EARLY INTERVENTION PROGRAMME FOR INFANTS AND CHILDREN (EIPIC)

Referral process for EIPIC

1. Touch Points

KKH Department of Child Development (DCD), NUH Child Development Unit (CDU) or Private Paediatric Clinics

- **Doctor** recommends child for EIPIC, to maximize his/her developmental potential
- **Parents** submit EIPIC application form to the Touch Point
- **Touch Point** will submit the EIPIC application with relevant information on child's needs to SG Enable

2. SG Enable (SGE)

Provision of Information and Referral Services

- **SGE Case Officer** receives the EIPIC application; contacts parents to share information and discuss about choice of EI centres
- **Parents** decide on an EI centre
- **SGE Case Officer** refers child's application to EI centre of parent's choice

3. Service Providers

EI Centres by Social Service Agencies (SSAs) also known as Voluntary Welfare Organisations (VWOs)

- **EI Centre** will contact parents to acknowledge child's application
- **Parents** may be invited to visit the EI centre. Subsequently, **child** will be scheduled for an intake assessment or screening
- **EI Centre** will notify parents regarding child's projected enrolment date and other matters such as pre-admission, fees, transport, etc.

Some key factors to consider when selecting an EI Centre

Location of Centre

- Home (current or future area of residence)
- Child's childcare or preschool
- Caregiver's location/workplace

Estimated Wait Time (EWT)

- EWT – from the point of SGE referral to child's enrolment
- Each EI Centre will update its EWT based on their centre's current capacity and resources

Caregiver's Presence

- Based on EI Centre's assessment, an adult caregiver may be required to sit in with child during the session

Transport Services

- Some EI Centres offer optional transport services
- Subjected to charges and availability
